Application for Temporary Service from the Irish Beach Water District

Assessor's Parcel Number (APN): _____

Date Escrow Closed or Desired Initial Temporary Connection Date (new builds): _____

Owner Name: _____

Tenant Name (Complete Attachment 2): _____

Proposed GPS Coordinates for Temporary Service: _____

Billing Address: _____

Primary Phone: _____ Alternate Phone: _____

Email Address: _____ Alternate Email: _____

1. The District will consider applications for temporary water service connections based on the parcel location in relation to existing facilities and infrastructure with the capacity to support a temporary meter and water line. Such applications are subject to the approval of the General Manager, subject to staffing and budgetary limitations. The District has sole discretion to determine the viability of the installation of a temporary service connection while maintaining the safety of the water supply.
2. Applications for temporary service will be considered only when there is a bona fide and immediate intent to construct upon a vacant parcel. Property owners must submit documentation establishing initiation of the permitting process within six (6) months of applying for temporary water service (i.e., submission of coastal development permit application, filing a request for a building permit from Mendocino County, application with the Irish Beach Architectural Committee, etc.). Failure to submit timely documentation of the initiation of the permitting process will result in the removal of the meter and termination of temporary water service.

Agency	Date Application Submitted
California Coastal Commission	
Mendocino County Planning & Building Services	
Irish Beach Architectural Committee	

3. Applicants must submit documentation of wastewater disposal services at the temporary service location (e.g., porta potty, pumping service, etc.).
4. Since the costs of installing a temporary meter, and water line will vary by location, the District will provide the applicant with a cost estimate. Payment for installation of the temporary service line must be received before the work is scheduled.

The undersigned hereby applies to the Irish Beach Water District (IBWD) for temporary water service to be supplied to the location noted above, promises to pay the IBWD in accordance with the water service rates and fees as approved by the District's Board of Directors, and to abide by District rules and regulations in force relating to said water service. The undersigned acknowledges the District's right to access the customer's premises to read the meter, make periodic inspections related to said water service, and to maintain District equipment. The undersigned further acknowledges that delivery of service shall be to the meter; the owner shall be responsible for all equipment between the meter and the residence. Please visit the District's web site at www.ibwd.org for water service rates and policies.
