January 1, 2019

Dear Irish Beach Water Customer,

The Irish Beach Water District Board of Directors has a vacancy due to the resignation of one of our directors. The Board will appoint a replacement (a property owner in the district) at a special meeting in late January or early February. Date of this special meeting will be set at our meeting on January 12, 2019, at the Rex Dunning Firehouse at 10:00am.

We would like to invite any interested persons to come to this meeting on January 12, 2019. Attendance at six regularly scheduled meetings is the primary duty required of Directors. These meetings are held every odd-numbered month at 10:00am at the Firehouse on Forest View Road and usually last about two hours. Participation in other projects or committees is strictly voluntary. Knowledge of water systems or water treatment is not required. You will learn as you serve. Knowing where our water comes from and how our system operates is very enlightening.

Service on your Water Board is valuable to the community. What higher community service can there be than to serve with fellow directors to protect capital assets and assure availability of high quality water at the most economical rates?

Please consider this opportunity to be a part of our governing board. You would be appointed to fill the unexpired term of our resigning member who is up for re-election in 2019. When your term ends, you can decide whether to serve another term. We are confident you will want to continue service to your community.
