

Irish Beach Water District
Post Office Box 67
15401 Forest View Road Manchester, California 95459

Re: **Septic Inspection / Pumping at:** _____

Dear Customer,

The Water District is mandated to maintain records of septic inspections to be in compliance with health and safety regulations. This has been mandated to the District since the Waste Water Disposal Zone was formed in 1980. Resolution's 88-2, 93-5 and 2011-2 were passed to enforce this mandate. It is a requirement from The State Water Resources Control Board that the District retain records on site of inspections. Our records show your septic system has not been inspected and/or pumped within the last five years.

The Water District is requesting a septic tank inspection on

parcel # _____, **address** _____, Manchester CA. 95459.

Please arrange to have your septic system inspected/pumped and send notification to the District before _____. **However**, if you have had your septic inspected/pumped since _____ **SIMPLY** send the verification of inspection to the District Office so we can update the records pertaining to parcel#: _____.

If you have any questions please feel free to call me at (707) 900-1104.

Sincerely:
