New Service Connections:

1. The California Residential Code and Mendocino County Planning and Building Services requires new residential construction to install a certified double check valve backflow prevention device. **Please provide the permit approval dates for the actions listed below:**

Agency	Date Permit Approved
California Coastal Commission	
Mendocino County Planning & Building Services	
Irish Beach Architectural Committee	

2. The District will install an approved backflow prevention device concurrently with meter installation. After installation, IBWD will provide details regarding placement and confirmation of the type of device installed.
- The District will add the cost of the appropriate backflow prevention device to the first water service bill.
 - The District will schedule the required annual inspection by a certified inspector and will add the cost of inspection to the subsequent water service bill.
3. The plumbing contractor shall use lead-free solder, fittings, and other materials.
4. Once the septic tank has been placed, the District will be provided with a plot plan showing the location of the tank in relation to the house, and a copy of the Mendocino County inspection report at the time of construction.
- The owner will supply the District with the septic inspection report completed by a State licensed inspector every five years thereafter.

The undersigned hereby applies to the Irish Beach Water District (IBWD) for water service to be supplied to the service address noted above, promises to pay the IBWD in accordance with the water service rates and fees as approved by the District's Board of Directors, and to abide by District rules and regulations in force relating to said water service. The undersigned acknowledges the District's right to access the customer's premises to read the meter, make periodic inspections related to said water service, and to maintain District equipment. The undersigned further acknowledges that delivery of service shall be to the meter; the owner shall be responsible for all equipment between the meter box and the residence. Please visit the District's web site at www.ibwd.org for water service rates and policies.
