ORDER DENYING ALL OBJECTIONS
TO STATEMENT OF DECISION

Judge: Hon. Ann Moorman

Plaintiffs' Objections – While broken into two parts, plaintiff objects to the part of Statement of Decision declining to award compensation to plaintiff for use of the private portion of Alta Mesa road and the improvements. The Statement of Decision did not omit addressing this issue. It declined to award compensation in this limited respect finding no damage or loss to the plaintiff for the reasons stated. The objection(s) raised by plaintiffs are denied.

Defendants' Objections - Defendants' Objections 1-7 are overruled entirety. These objections are repetitious of arguments on the merits made during phase I and phase II of this cause of action. The objections represent defendant IBWD disagreement on the merits of the court's decision and therefore are not proper objections.

The Statement of Decision issued March 4, 2015 is hereby designated the Final Statement of Decision.
